**MAR 30 2016**

**NPDES PERMITS BRANCH**  
**(3WP41)**

March 25, 2016

Mr. John Lovell (3WP41)  
Pretreatment Coordinator  
U.S. Environmental Protection Agency  
Region III  
1650 Arch Street  
Philadelphia, PA 19103-2029

RE: Pretreatment Program 2015 Annual Report  
NPDES No. DC0021199

Dear Mr. Lovell:

Enclosed is the DC Water and Sewer Authority's (DC Water) 2015 Annual Pretreatment Program report. The report is arranged as follows:

2015 Annual Report Parts A and B for Blue Plains Advanced Wastewater Treatment Plant (AWTP) Users with the following attachments:

- Attachment 1 – Part A with attachments for Significant Industrial Users (SIUs) in the District of Columbia;
- Attachment 2 – Parts A and B with attachments for Washington Suburban Sanitary Commission (WSSC) SIUs discharging to Blue Plains;
- Attachment 3 – Parts A and B with attachments for Fairfax County Department of Public Works SIUs discharging to Blue Plains;
- Attachment 4 - Parts A and B with attachments for Loudoun Water SIUs discharging to Blue Plains;
- Attachment 5 – Part A for the Town of Vienna; and
- Attachment 6 – Quarterly influent, effluent, and biosolids data (local limits), and influent, effluent, and biosolids priority pollutant and toxics data.

RECEIVED  
REGION III  
JAN 10 1968  
U.S. DEPT. OF JUSTICE  
FEDERAL BUREAU OF INVESTIGATION

Mr. John Lovell  
March 25, 2016

## PART A

### PRETREATMENT PERFORMANCE SUMMARY\*

#### I. General Information

Control Authority Name		DC Water and Sewer Authority			
Address		5000 Overlook Ave., SW			
City	Washington	State	DC	Zip+4	20032
Contact Person	Aklile Tesfaye	Telephone No.	202-787-4008		
Contact Title	Asst General Manager	E-mail Address	atesfaye@dcwater.com		
NPDES No.	DC 0021199	Reporting Period	01-01-15 to 12-31-15		
Issuance Date	08/31/10	Expiration Date	09/30/15		
Total CIUs	16	Total MTCIUs	0		
Total SNIUs	34	Total NSCIUs	0		

CIUs - Categorical Industrial Users

MTCIUs - Middle Tier Categorical Industrial Users

SNIUs - Significant Noncategorical Industrial Users

NSCIUs - Nonsignificant Categorical Industrial Users

#### II. Compliance Monitoring Program

1. No. of SIUs with current Control Documents.....	50
2. No. of SIU Facilities Inspected.....	50
3. No. of SIU Facilities Sampled.....	48
4. No. of SIUs Submitting Self-Monitoring Reports.....	48

#### III. Significant Industrial User Compliance

1. No. of SIUs Violating a Compliance Schedule / No. on a Schedule.....	1/2
2. No. of SIUs in SNC for the July to December Period.....	0
3. No. of SIUs in SNC At Any Time During the Calendar Year.....	2
4. No. of SIUs in SNC That Were Also in SNC During the Previous Calendar Year	0
5. No. of NSCIUs that violated any standards or requirements	NA

#### IV. Enforcement Actions

1. Notices/Letters of Violation Issued to SIUs.....	27
2. Enforceable Compliance Schedules Issued to SIUs.....	14
3. Civil/Criminal Suits Filed.....	0
4. No. of SIUs from which Penalties have been Collected.....	1
5. Other Actions (sewer bans, etc.).....	1

I certify that the information contained in this report and attachments is complete and accurate to the best of my knowledge (see Part B.V of the instructions).

**Section I Attachment (continued)**  
**Summary of Blue Plains AWTP Significant Industrial Users**

**Additions to the 2014 List of Industrial Users:**

1. District Apartments Realty Holding Company (DC Water) – new SIU as of April 9, 2015.
2. Flex El, LLC (WSSC) – new CIU permit effective December 18, 2015.

**Deletions to the 2014 List of Industrial Users:**

1. Alsco (DC Water) – DC facility ceased operation on December 4, 2015.
2. Amtrak – High Speed Rail (DC Water) – combined permit with other Amtrak permit.
3. Human Genome Triville Campus (WSSC) – delisted as of April 21, 2015.

NOTE: The following WSSC industries were reclassified from SIU to CIU in 2015:

1. Human Genome Sciences – Small Scale Manufacturing
2. Human Genome Sciences – Large Scale Manufacturing
3. University of MD/DOD Physical Sciences Lab

**Summary of Blue Plains AWTP Significant Industrial Users**

**List of CIUs Assigned Mass-Based Limits in place of Concentration-Based Limits**

None

**List of CIUs With Waivers for Categorically Regulated Pollutants**

None

**List of Facilities Not Inspected During 2015:**

None

**List of Facilities Not Sampled by POTW During 2015:**

1. FlexEl, LLC (WSSC) – new CIU as of December 18, 2015.
2. Sanofi Pasteur Biologics Co. (WSSC) – no process flows during CY2015.

**List of Facilities Submitting Less Than the Required Number of Self-Monitoring Reports:**

1. Ostendo GaN Lab (WSSC) – no process flow since August 2015.
2. Sanofi Pasteur Biologics Co. (WSSC) – no process flow in CY 2015.
3. WMATA – Greenbelt Yard (WSSC) – incomplete 1<sup>st</sup> quarter Periodic Compliance Report – failed to sample when process was in operation (January 1, 2015 to February 19, 2015) due to periodic problems with frozen pipes and a pump failure and then no process flows occurred for the remainder of the January to June 2015 monitoring period.
4. WMATA – Shady Grove Yard (WSSC) - incomplete 1<sup>st</sup> quarter Periodic Compliance Report – failed to sample when process was in operation (January 1, 2015 to March 31, 2015) due to infrequent operation and maintenance shut-downs and then no process flows occurred for the remainder of the January to June 2015 monitoring period.

Notes: (1) George Bush Center for Intelligence and the US Geological Survey are not required to submit self-monitoring reports since all sampling for these SIUs is conducted by Fairfax County.

(2) All self-monitoring reports received by DC Water through 1/14/16 were counted as received in 2015.

**Section III Attachment**

of 50% of job period. Return trans-  
port provided/or, in same, wkrs.

## 320 Official Notices

### DISTRICT OF COLUMBIA WATER AND SEWER AUTHORITY ANNUAL LIST OF INDUSTRIAL USERS IN SIGNIFICANT NONCOMPLIANCE FOR THE CALENDAR YEAR 2015

Notice is hereby given that pursuant to Section 14 of  
the District of Columbia's Wastewater System Regulation  
Amendment Act of 1985, as amended (D.C. Law 6-95; D.C.  
Official Code §8-105.13), and the requirements of the U.S.  
Environmental Protection Agency, the following facility was  
found to be in significant noncompliance with the DC Water  
and Sewer Authority's Industrial Wastewater Pretreatment  
Program requirements in 2015:

**Naval Support Facility Carderock** located at 9500  
MacArthur Blvd, West Bethesda, MD, violated the local limit  
for mercury on June 30, 2015. This violation constitutes  
Significant Noncompliance (Technical Review Criteria viola-  
tion). Enforcement action included an Administrative Order  
with additional monitoring. NSF Carderock is currently in  
compliance with the mercury limitation.

Inquiries may be directed to:

**DC Water and Sewer Authority  
Department of Wastewater Treatment  
5000 Overlook Avenue, SW  
Washington, DC 20032  
202-787-4177**

### Trustees Sale - DC

ALEX COOPER AUCTIONEERS, INC.  
5801 WISCONSIN AVE. NW #750  
WASH DC 202-364-0306  
WWW.ALEXCOOPER.COM

**UNIT OWNERS' ASSOCIATION SALE OF VALUABLE CONDOMINI-  
UM UNIT CONTAINED WITHIN PREMISES AT 3808 W Street, S.E.  
Unit 302 WASHINGTON, D.C. 20020.** Pursuant to District of  
Columbia Condominium Act of 1976, Section 313 and under  
the power of sale contained in the Declaration and Bylaws of  
the Condominium, recorded on July 29, 1976 as Instrument  
Numbers 20042 and 31268, and as amended, and in accordance  
with Public Law 90-566 and D.C. Code Section 42-1903.13, as  
amended, notice filed November 13, 2015, and at the request  
of the Attorney for the Unit Owners' Association, we shall sell  
at public auction on **Thursday the 7th day of January, 2016,  
at 11:00 AM**, within the office of Alex Cooper Auctioneers,  
5301 Wisconsin Avenue NW, Suite 750, Washington, DC 20005.

Unit 302 of the Fairfax Village VI Condominium Association, Inc.  
designated on the Records of the Assessor of the District of  
Columbia for assessment and taxation purposes as Lot 2092 in  
Square 5673.

**Terms of sale:** Sold Subject to the provisions, restrictions,  
easements and conditions as set forth in the Declaration of  
Condominium, the By-laws relating thereto, and any and all  
amendments thereto existing (deeds) of trust and real estate  
taxes, as applicable; the purchase price above said trust(s)  
to be paid in cash. Also sold subject to any other prior  
liens, encumbrances and municipal assessments, if any, further  
particulars of which may be announced at time of sale. A  
deposit of \$10,000.00 will be required at time of sale, such  
deposit to be in cash, certified check, or in such other form  
as the attorney for the Owners' Association may require in her  
sole discretion. All conveyancing, recording, recordation tax,  
transfer tax, etc. at purchaser's cost. All adjustments made as  
of date of sale. The balance of the purchase price, together  
with interest at the rate of 10% per annum from date of sale  
to date of receipt of the balance of the purchase price, must  
be paid in cash or by cashier's or certified check and all other  
terms to be complied with within 30 days, otherwise deposit  
is forfeited and the property may be re-advertised and sold at  
the discretion of the Owners' Association and at the risk and  
cost of the defaulting purchaser. Association shall convey a  
deed pursuant to D.C. Code Section 42-1903.13 (c) (1) and (3) as  
amended, and make no further representations or warranties as  
to title. The Association reserves the right in its sole discretion  
to rescind the sale at any time until conveyance of the deed. In  
the event of failure on the part of the Association to convey such  
deed, the purchaser's sole remedy shall be return of deposit.

**By the order of the Attorney for the Owners' Association the above sale has been postponed  
until February 4, 2016 at 11:15 am. All other  
terms and conditions remain the same.**

**Summary of Blue Plains AWTP Significant Industrial Users**

**List of SIUs on compliance schedules that are in writing but not considered “formal”:**

None

**List of SIUs Sued in 2015:**

None

**Table 9. List of SIUs Assessed/Collected Penalties in 2015:**

#	Significant Industrial User	Amount Assessed	Amount Collected	Reason	Assessed in Previous Years?
1	Naval Support Facility Carderock (DC Water)	\$300	\$0 (Exempt due to sovereign immunity)	TRC mercury violation resulting in SNC	Not applicable
2	Nixon Uniform Services (WSSC)	\$250	\$250	pH>10.0 for more than 30 minutes aggregate	Assessed in 2014

**Description of all Actions Included as Administrative Orders:**

None

**Description of “Other Actions”:**

1. Fairfax County issued a verbal Notice of Violation on November 11, 2015, to Precision Sheet Metal for an error on the chain of custody documentation, which was corrected.

Note: Other actions listed by Fairfax County on their annual report pertained to permitted waste haulers, not SIUs, and therefore were not included in this list.

**List of SIUs with SNC Violations Not Subject to Enforcement:**

None

## **PART B PRETREATMENT DEVELOPMENTS**

### **I. Summary of POTW Operations**

1. The Blue Plains Advanced Wastewater Treatment Plant (AWTP) did not have any NPDES permit violations in 2015. Furthermore, there were no instances of major problems (e.g., corrosion, fire or explosive hazards, sewer blockages) in the collection system that may have been attributable to industrial wastes.
2. As required by the NPDES permit, plant influent, effluent, and biosolids data for all local limit parameters are submitted to EPA Region III on a quarterly basis with the Discharge Monitoring Reports (DMRs) by the 28th day of the following month. Additionally, a complete priority pollutant scan is conducted annually on the influent and biosolids. The 2015 influent, effluent, and biosolids concentrations for the local limit pollutants are provided in a summary table in Attachment 6. The annual priority pollutant scans and additional toxics data collected, but not documented in the summary table, are also provided in Attachment 6. In January 2015, the digested Belt Filter Press biosolids product was in full production and the limed biosolids product was being phased out. As a result, DC Water was unable to collect the required four cyanide grabs for the limed biosolids product.

Influent values are calculated based on an estimated flow-weighted average of three contributing waste streams and are reported as “<” if at least one of the individual waste streams was non-detect (below the RDL or reporting detection limit) for that parameter. Influent goals are based on EPA Region III’s evaluation of DC Water’s local limits published in the DC Register on September 10, 2010. Influent goals were consistently met in 2015, and influent pollutant concentrations have remained fairly consistent with minor fluctuations.

3. DC Water currently accepts hauled waste from domestic, commercial, and pre-approved industrial sources at the headworks to the Blue Plains AWTP. Additional hauled waste is received from WSSC and Fairfax County at designated septage receiving stations. Table B-1 summarizes the hauled waste contributions to the Blue Plains AWTP. Loudoun Water has a backup septage receiving station that discharges to the Potomac Interceptor (and ultimately to the Blue Plains AWTP) but did not accept hauled waste at this station during 2015. No brine wastes (oil and gas drilling wastes) are accepted at any of the designated septage receiving stations.

All jurisdictions require waste hauler permits, although in Fairfax County, the permit is issued by the Health Department. As of December 31, 2015, DC Water had 23 permitted waste haulers, WSSC had 51 permitted waste haulers (excluding buses and RV’s), and Fairfax County had 52 permitted waste haulers. DC Water permits require manifest forms, documenting the source and volume of each load, be submitted prior to receiving access to the facility to discharge. WSSC also requires manifest forms and as of July 11, 2015, Fairfax County now requires manifest forms at the Colvin Run disposal site.

**PART B (Continued)**  
**PRETREATMENT DEVELOPMENTS**

**I. Summary of POTW Operations (Continued)**

**Table B-1. Summary of Hauled Waste Discharged to the Blue Plains AWTP**

<b>Jurisdiction</b>	<b>Discharge Site</b>	<b>Sources of Wastewater*</b>	<b>Estimated Volume/Yr.</b>	<b>Controls on Users</b>
DC Water	Blue Plains AWTP	Domestic and commercial (portable toilets, domestic holding tanks, sewage ejector pits, grease trap waste, and non-wastewater discharges)	12,999,342 gal/yr (4,836 loads/yr)	Manned site, permits, manifests, random sampling
WSSC	Muddy Branch	Domestic and commercial (portable toilets, septic tanks, and grease trap waste) Domestic sewage sludge (Dickerson Generating Station only)	5,898,667 gal/yr (6,628 grease waste loads/yr) 4,087,100 gal/yr (3,085 septic waste loads/yr) 44,000 gal/year (domestic sludge)	Permits, manifests, restricted hours, surveillance cameras, fines, self-monitoring (sludge)
WSSC	Tanglewood	Domestic	407,045 gal/yr (221 loads/yr)	Permits, manifests, restricted hours, surveillance cameras, fines
WSSC	Montgomery Co. Solid Waste Disposal Site	Industrial - Oaks Sanitary Landfill leachate	Avg 25,218 gpd 80,000 gpd max	SIU permit
Fairfax Co.	Colvin Run	Domestic and commercial (57% septage, 14.5% portable toilets, 19% grease trap waste, 1% car wash, and 5% others)	10,000,000 gal/yr (est.) 4,800,000 gal (7/11/15-12/31/15) (3,077 loads)	Permits (Health Dept), restricted access, random sampling, surveillance cameras

\*Domestic sources of hauled wastewater are primarily septic holding tanks and portable toilets. The majority of commercial wastewater is from grease traps. Other commercial/industrial sources of hauled wastewater are from building sumps/sewage ejector pits, car wash interceptors, treatment plant sludge, and storm runoff (from an off-site biosolids storage facility). A significant industrial source of hauled wastewater is the landfill leachate from Oaks Sanitary Landfill (80,000 gpd max). Oaks Sanitary Landfill is permitted as a Significant Industrial User by WSSC and the permit contains requirements for monitoring, reporting, and pre-treating their waste.

**PART B (Continued)**  
**PRETREATMENT DEVELOPMENTS**

**I. Summary of POTW Operations (Continued)**

3. In 2015, the Blue Plains AWTP Septage Receiving Facility received on average 1,083,278 gallons of hauled waste or 403 loads per month. Random sampling is conducted by DC Water at least twice a month and waste is analyzed for pH, oil and grease, total metals, PCBs, and conventional pollutants. Trucked waste must meet local limits. Eighteen notices of violation (NOVs) were issued to haulers in 2015 for exceedances of local limits, typically for pH, copper, zinc, and/or total petroleum hydrocarbons. On one occasion, violations for arsenic, cadmium, and lead, were also detected. Typical corrective action is to increase the frequency of the pump-out for the customer with elevated metals concentrations. If a source is identified in violation more than once, then it is banned for disposal at the Blue Plains AWTP, until the user can demonstrate compliance through self-monitoring of the waste. No hauled waste violations have resulted in plant upset or interference. Fairfax County also issued four NOVs to haulers for discharging waste generated outside Fairfax County.

Many of the SIUs within the District have waste hauled off-site for disposal. Table B-2 summarizes the information updated during the 2015 inspections. Recycled wastes including used oil, fryer oil, and silver recovery waste are not included in this table.

**Table B-2. Summary of Hauled Waste from SIUs in the District**

<b>Type of Hauled Waste</b>	<b>Description of Operations</b>	<b>Name(s) of Facilities Used by SIUs for Waste Disposal and Disposal Location (if known)</b>
Oily wastewater/ pretreatment sludge and other non-hazardous waste	Maintenance cleaning activities, treatment residuals, printing	Atlantic Wastewater Solutions (Fairfax, VA) Clean Harbors (Baltimore, MD/Reidsville, NC) Clean Ventures (Cycle Chem/Lewisburg, PA) FCC (Alexandria, VA) Heritage Environmental (FCC) IMS (Norfolk, VA) Magnolia Plumbing (Metrex/Hyattsville, MD) Monarch Environmental Services Northstar Env Group (GCUA, West Deptford, NJ) Onsite Environmental Pollution Control Industries Safety Kleen (Manassas, VA) Sphinx (Spirit Services in Williamsport, MD) Triumvirate Environmental
Grease trap waste	Treatment residuals	Action Tank and Drain (Fairfax, VA) Adams Liming and Septic Tank (Fairfax, VA) Burns Septic (WSSC) Clean Harbors (Baltimore, MD) Magnolia Plumbing (WSSC and Blue Plains)
Spent car wash reclaim	Vehicle cleaning activities	Adams Liming and Septic Tank (Fairfax, VA) Capitol Tank and Drain LNT Enterprises Northstar Env Group (GCUA, West Deptford, NJ) Onsite Environmental Safety Kleen (Manassas, VA)
Hazardous waste	Cleaning, lab waste, solvent use, treatment residuals, etc.	Clean Harbors (Baltimore MD/Reidsville, NC) Clean Ventures (Cycle Chem/Lewisburg, PA) EMSI (Env Enterprises/Cincinnati, OH) Tradebe (E. Chicago, IN)

**PART B (Continued)**  
**PRETREATMENT DEVELOPMENTS**

**II. Pretreatment Program Changes**

**Staffing, Funding, and Local Limits**

There were no significant changes in staffing and funding for the District or contributing user jurisdiction pretreatment programs in 2015. There were no changes to the local limits approved by EPA Region III on May 25, 2010 and adopted by DC Water in a Final Rulemaking published on September 10, 2010.

**III. Miscellaneous Developments**

**Control of Batch Discharges During Wet Weather**

As part of the Combined Sewer Overflow (CSO) Nine Minimum Controls, DC Water is required by NPDES permit to 1) use pretreatment regulations to control any industrial discharges that may be identified as impacting CSOs and 2) to require permitted SIUs discharging directly to the CSS to establish management practices to control batch discharges during wet weather conditions whenever possible.

As of December 31, 2015, there are six (6) SIUs that currently discharge directly to the combined sewer system. A list of these facilities is provided in Table B-3. Each facility has a permit requirement to prepare an annual report identifying all batch discharges to the combined sewer system, with the exception of the Watergate Hotel, currently known as Greenpenz, 2600 Virginia Ave., LLC, and District Apartments Realty Holding Company, LLC, which are only permitted for their groundwater remediation systems and have a continuous operation. These annual reports were due March 31, 2015. Following DC Water review, it was determined that all SIU discharges were either continuous or intermittent and that none of these discharges met the definition of a batch discharge. Some facilities have voluntarily developed management practices to minimize intermittent discharges during wet weather, but DC Water is not requiring development of management practices to control intermittent discharges at this time, since no pollutants of concern in combined sewer overflows have been attributed to these discharges.

**PART B (Continued)**  
**PRETREATMENT DEVELOPMENTS**

**Control of Batch Discharges During Wet Weather (continued)**

**Table B-3. Significant Industrial Users Discharging Directly to Combined Sewers**

#	Permit No.	Industrial User	Facility Address	Batch/Intermittent Discharges
1	011	Amtrak (including High Speed Rail facility)	1401 W Street, NE Washington, DC 20018	Train Wash
2	022	Capitol Power Plant	N. Jersey Ave & E St., SE Washington, DC 20003	None
3	057	District Apartments Realty Holding Co., LLC	1401 S St., NW Washington, DC 20009	None (no report required treated groundwater only)
4	039	Greenpenz	2500 Virginia Ave., NW Washington, DC 20037	None (no report required treated groundwater only)
5	053	WMATA Brentwood Yard	601 T Street, NE Washington, DC 20018	Steam Cleaning
6	005	WMATA Northern Garage	4615 14th Street, NW Washington, DC 20011	Steam Cleaning/Bus Wash

WMATA = Washington Metropolitan Area Transit Authority

**Pollution Prevention**

DC Water has incorporated pollution prevention (P2) surveys into the routine annual inspections of SIUs. P2 surveys are conducted every two years and significant P2 accomplishments or deficiencies may be noted annually in the inspection report. These surveys were last conducted in 2014. DC Water's public education efforts to reduce influent mercury concentrations include posting educational content on our website, permitting hospitals in the area (as Non-Significant Industrial Users), and promoting mercury amalgam Best Management Practices (BMPs) for dental facilities.

## **PART B (Continued)**

### **PRETREATMENT DEVELOPMENTS**

#### **Pollution Prevention (continued)**

WSSC continued to promote and dedicate resources to a number of pollution prevention initiatives in 2015 including the following:

- Continuation of the Oil/Water Separator Initiative with BMP guidelines and inspection program;
- Recommendation of amalgam separators and BMPs for dental facilities; and
- Continuation of the annual Pollution Prevention Award program (awarded to Human Genome Sciences LSM Corporation in June 2015).

#### **Industrial User Survey**

DC Water is actively surveying, sampling, and/or inspecting non-permitted commercial/ industrial users to determine whether facilities should be permitted and assist them in conforming to the District of Columbia municipal regulations on wastewater discharges. DC Water has developed a network of contacts at other agencies in the District of Columbia to obtain information on potential violators including the District Department of Public Works, the Mayor's Neighborhood Service Coordinators, and the District Department of the Environment Hazardous Waste and Water Quality Divisions. In addition, DC Water periodically reviews queries of commercial and federal accounts for new connections and users that consume more than 25,000 gpd of water.

#### **Temporary Discharge Authorizations**

As of December 31, 2015, DC Water had 72 active Temporary Discharge Authorization (TDA) permits for discharges to the sanitary or combined sewer system consisting primarily of construction dewatering, façade cleaning, and other miscellaneous discharges. The maximum permit term is two years. Most of these permits require periodic self-monitoring, depending on flow and the characteristics of the wastewater discharge.

#### **IV. Signatory Requirements**

The Assistant General Manager (AGM) of Wastewater Treatment has signed Part A of this report. This individual is directly responsible for wastewater treatment plant operations and has been authorized to sign the report by the General Manager (written authorization letter to EPA Region III dated January 27, 2016 and provided on the following page).

DISTRICT OF COLUMBIA WATER AND SEWER AUTHORITY | 5000 OVERLOOK AVENUE, SW | WASHINGTON, DC 20032

Office of the General Manager

January 27, 2016

Nancy Ford  
U.S. Environmental Protection Agency, Region III  
Water Management Division

Re: Signature Authority

Dear Ms. Ford:

In accordance with the signatory requirements for the annual pretreatment program report (40 CFR 403.12(m)), I confirm that Mr. Aklile Tesfaye, Assistant General Manager, Wastewater Treatment, is authorized to sign all Discharge Monitoring Reports, including pretreatment program reports. Please call me at 202-787-2609 if you have any questions or comments regarding this authorization.

Sincerely,

George S. Hawkins  
CEO/General Manager

c: Aklile Tesfaye, AGM, Wastewater Treatment

## PART A PRETREATMENT PERFORMANCE SUMMARY\*

### I. General Information

Control Authority Name	DC Water and Sewer Authority				
Address	5000 Overlook Ave., SW				
City	Washington	State	DC	Zip+4	20032
Contact Person	Aklile Tesfaye		Telephone No.	202-787-4008	
Contact Title	Asst General Manager		E-mail Address	atesfaye@dcwater.com	
NPDES No.	DC 0021199		Reporting Period	01-01-15 to 12-31-15	
Issuance Date	08/31/10		Expiration Date	09/30/15	
Total CIUs	1		Total MTCIUs	0	
Total SNIUs	13		Total NSCIUs	0	

CIUs - Categorical Industrial Users

MTCIUs - Middle Tier Categorical Industrial Users

SNIUs - Significant Noncategorical Industrial Users

NSCIUs - Nonsignificant Categorical Industrial Users

### II. Compliance Monitoring Program

1. No. of SIUs with current Control Documents.....	14
2. No. of SIU Facilities Inspected.....	14
3. No. of SIU Facilities Sampled.....	14
4. No. of SIUs Submitting Self-Monitoring Reports.....	14

### III. Significant Industrial User Compliance

1. No. of SIUs Violating a Compliance Schedule / No. on a Schedule.....	0/0
2. No. of SIUs in SNC for the July to December Period.....	0
3. No. of SIUs in SNC At Any Time During the Calendar Year.....	1
4. No. of SIUs in SNC That Were Also in SNC During the Previous Calendar Year	0
5. No. of NSCIUs that violated any standards or requirements	0

### IV. Enforcement Actions

1. Notices/Letters of Violation Issued to SIUs.....	10
2. Enforceable Compliance Schedules Issued to SIUs.....	1
3. Civil/Criminal Suits Filed.....	0
4. No. of SIUs from which Penalties have been Collected.....	0
5. Other Actions (sewer bans, etc.).....	0

I certify that the information contained in this report and attachments is complete and accurate to the best of my knowledge (see Part B.V of the instructions).

port provided/pd to same wks

## 820 Official Notices

### DISTRICT OF COLUMBIA WATER AND SEWER AUTHORITY ANNUAL LIST OF INDUSTRIAL USERS IN SIGNIFICANT NONCOMPLIANCE FOR THE CALENDAR YEAR 2015

Notice is hereby given that pursuant to Section 14 of  
the District of Columbia Wastewater System Regulation  
Amendment Act of 1985, as amended (D.C. Law 6-95; D.C.  
Official Code 88-105.13), and the requirements of the U.S.  
Environmental Protection Agency, the following facility was  
found to be in significant noncompliance with the DC Water  
and Sewer Authority's Industrial Wastewater Pretreatment  
Program requirements in 2015:

**Naval Support Facility Carderock** located at 9500  
MacArthur Blvd, West Bethesda, MD, violated the local limit  
for mercury on June 30, 2015. This violation constitutes  
Significant Noncompliance (Technical Review Criteria viola-  
tion). Enforcement action included an Administrative Order  
with additional monitoring. NSF Carderock is currently in  
compliance with the mercury limitation.

Inquiries may be directed to:  
**DC Water and Sewer Authority**  
Department of Wastewater Treatment  
5000 Overlook Avenue, SW  
Washington, DC 20032  
202-787-4177

### Non-Discrimination Statement

This institution is an equal opportunity provider and employer. If  
you wish to file a Civil Rights program complaint of discrimination,  
complete the USDA Program Discrimination Complaint Form, found  
online at [http://www.ascr.usda.gov/complaint\\_filing\\_cust.html](http://www.ascr.usda.gov/complaint_filing_cust.html)  
or at any USDA office, or call (866) 632-9992 to request the form. You  
may also write a letter containing all of the information requested in  
the form. Send your completed complaint form or letter to us by mail  
at U.S. Department of Agriculture, Director, Office of Adjudication,  
1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by  
fax (202) 690-7442 or email at [program.intake@usda.gov](mailto:program.intake@usda.gov).

**UNIT OWNERS' ASSOCIATION SALE OF VALUABLE CONDOMINI-  
UM UNIT CONTAINED WITHIN PREMISES AT 3808 W STREET, S.E.,  
Unit 302 WASHINGTON, D.C. 20020.** Pursuant to District of  
Columbia Condominium Act of 1976, Section 313 and under  
the power of sale contained in the Declaration and Bylaws of  
the Condominium, recorded on July 29, 1976 as Instrument  
Numbers 20042 and 31268, and as amended, and in accordance  
with Public Law 90-566 and D.C. Code Section 42-1903.13, as  
amended, notice filed November 13, 2015, and at the request  
of the Attorney for the Unit Owners' Association, we shall sell  
at public auction on Thursday the 7th day of January, 2016,  
at 11:00 AM, within the office of Alex Cooper Auctioneers,  
5301 Wisconsin Avenue NW, Suite 750, Washington, DC 20005.

Unit 302 of the Fairfax Village VI Condominium Association, Inc.  
designated on the Records of the Assessor of the District of  
Columbia for assessment and taxation purposes as Lot 2092 in  
Square 5673.

**Terms of sale:** Sold Subject to the provisions, restrictions,  
easements and conditions as set forth in the Declaration of  
Condominium, the By-laws relating thereto, and any and all  
amendments thereto existing deeds of trust and real estate  
taxes, as applicable, the purchase price above said "trusts")  
to be paid in cash. Also sold subject to any other prior  
liens, encumbrances and municipal assessments, if any, further  
particulars which may be announced at time of sale. A  
deposit of \$10,000.00 will be required at time of sale, such  
deposit to be in cash, certified check, or in such other form  
as the attorney for the Owners' Association may require in her  
sole discretion. All conveyancing, recording, recordation tax,  
transfer tax, etc. at purchaser's cost. All adjustments made as  
of date of sale. The balance of the purchase price, together  
with interest at the rate of 10% per annum from date of sale  
to date of receipt of the balance of the purchase price, must  
be paid in cash or by cashier's or certified check and all other  
terms to be complied with within 30 days, otherwise deposit  
is forfeited and the property may be re-advertised and sold at  
the discretion of the Owners' Association and at the risk and  
cost of the defaulting purchaser. Association shall convey a  
deed pursuant to D.C. Code Section 42-1903.13 (c) (1) and (3) as  
amended, and make no further representations or warranties as  
to title. The Association reserves the right in its sole discretion  
to rescind the sale at any time until conveyance of the deed. In  
the event of failure on the part of the Association to convey such  
deed, the purchaser's sole remedy shall be return of deposit.

**By the order of the Attorney for the Owners' Association the above sale has been postponed until February 4, 2016 at 11:15 am. All other terms and conditions remain the same.**

1	Naval Support Facility Carderock	\$300	\$0 (Exempt due to sovereign immunity)	TRC mercury violation resulting in SNC	Not applicable

**Section IV Attachment (Continued)**  
**District of Columbia Significant Industrial Users**

**Description of all Actions Included as Administrative Orders:**

The DC Water and Sewer Authority issued an Administrative Order (Notice of Infraction and Proposed Order) to NSF Carderock on August 14, 2015 to address a Technical Review Criteria (TRC) violation of the mercury discharge limitation on June 30, 2015, resulting in Significant Noncompliance. A Final Order was issued on August 26, 2015, to change a date in the order. The order required follow-up monitoring and payment of a fine. The fine was then waived due to sovereign immunity similar to the previous order issued on November 25, 2013. Follow-up monitoring was conducted and the final compliance date of October 30, 2015, was met.
